Joyce,

To keep you updated. Both ACT and Geosyntec demobilized equipment at the end of last week, but I am still waiting on the rental companies to fully demobilize their equipment. As of yesterday afternoon, the following was still onsite:

- Bulldozer
- Water truck
- Trash roll-off dumpster
- Job trailer
- Porta-potties
- Fencing

Geosyntec continues to check daily to see when equipment is picked up and removed from the site. Once removed, we will document, submit a final DFR, and provide you notice of completion of all work required by the AOC.

Thanks,  
Patrick
